Brand New Book ***** Print on Demand *****.Excerpt from Improved Question-Book on the Life of Christ: With the Text The excellence of the system of instruction on which these books are founded is now so universally admitted, that there is no reason for detailing its advantages. The questions might have been easily increased to a much larger number on each lesson; but such an increase would be unprofitable to the schools. When a person asks all the questions which may occur to his own mind, there must necessarily be many of an indirect character, the appropriateness of which would not be seen by others. The great object of a book of questions is, to excite the mind to a careful and thorough examination of the Scriptures. When the mind is once aroused and led forward in the right course, it receives no benefit from being burdened with too many questions. Too many questions also render the instruction mechanical, and prevent the teacher from the exercise of his own powers. It should also be remembered that these Question-Books are intended for teachers as well as scholars; therefore it may be expected that questions and references will occasionally be found which are rather designed to help the teacher in explaining, than the class in learning. And whenever a question is not easily understood by the scholar, it should be simplified by the teacher. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
