

## 65 Billion Reasons Why You Cannot Trust Wall Street: A First Person Journey Into the Underworld of Bernard Madoff

Filesize: 5.05 MB

### ***Reviews***

*This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 236 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. This is not just a book about the past, it is about the future! Bernard Madoff is in jail. You might think the Securities Industry is once again safe for investors. You would be wrong. It started with a phone call on Thursday, December 11th, 2008 at 8: 07 P. M. I was totally unprepared for the 14 words which transpired over the next 10 seconds - have you heard the financial news Bernie Madoff was just arrested for securities fraud. These words changed my life forever and began a journey that continues to this day with no end in sight. Many books have been written about Madoff and the largest financial crime in history. This one-of-a-kind book is different. It offers an extraordinary first party view of the scandal from the perspective of an average American who had the misfortune to invest with Bernard Madoff Investment Securities as the central element of a long range retirement plan. This unique narrative discusses my information gathering process, observations and conclusions not only of the inner workings of the Madoff crime, but also of the role played by government regulators and Wall Street in their collective failures to detect the crime and the resulting impact of those failures on investors. Americans have a right to know what really happened. The information I collected is being presented in an adult education class at a local college. That effort led directly to this book with the hope that the message will be received by a much wider audience. If you have a brokerage account, 401k or pension plan that invests money in the U. S. Securities market then this book has a message for you....
