Summary: A history of America's demons1693: Cotton Mather suggests that the spirits attacking Salem are allied with the colony's human enemies. At their "Cheef Witch-meetings," he writes, "there has been present some French canadians, and some Indian Sagamores, to concert the methods of ruining New England."1835: A gunman tries to kill Andrew Jackson. The president accuses a senator of plotting the assassination. Jackson's critics counter that the shooting was arranged by the president himself to gain public support.1868: An article in the New-York Tribune declares that the Democrats have engineered malaria outbreaks in the nation's capital, pumping "the air, and the water, and the whisky of Washington full of poison."1967: President Lyndon Johnson asks his cabinet if the Communists are behind the country's urban riots. The attorney general tells him that the evidence isn't there, but Johnson isn't convinced.Conspiracy theories aren't just a feature of the fringe. With intensive research and a deadpan sense of humor, *The United States of Paranoia* combines the rigor of real history with...
