Taylor Francis Ltd, United Kingdom, 2014. Paperback. Book Condition: New. 2014 ed.. 232 x 154 mm. Language: English . Brand New Book. The broad and developing scope of human factors and ergonomics - the application of scientific knowledge to improve people s interaction with products, systems and environments - has been illustrated for 28 years by the books which make up the Contemporary Ergonomics series. This book presents the proceedings of the international conference - Ergonomics and Human Factors 2014. In addition to being the leading event in the UK that features ergonomics and human factors across all sectors, this is also the annual meeting of the Institute of Ergonomics Human Factors. Individual papers provide insight into current practice, present new research findings and form an invaluable reference source. The volumes provide a fast track for the publication of suitable papers from international contributors, with papers being subject to peer review since 2009 and selected by the conference programme committee. A wide range of topics are covered in these proceedings including workload, human capability, systems, product design, manufacturing systems, behaviour change, health and wellbeing, organisational culture, smart environments and sustainability, transport and musculoskeletal disorders. As well as being of interest to mainstream ergonomists and human factors specialists, Contemporary Ergonomics and Human Factors will appeal to all those who are concerned with people s interactions with their working and leisure environment including designers, manufacturing and production engineers, health and safety specialists, occupational, applied and industrial psychologists, and applied physiologists.
