CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 102 pages. Dimensions: 8.2in. x 5.0in. x 0.2in. When we hear about a Serial Killer, we never consider the sex, we would immediately assume a man. . . right but that's not always the case! Females are for the most part, the loving and caring protectors of our species and the ones that are more susceptible to danger. However, they are in fact the most dangerous because they are the least suspected of the Serial Killers. Like their male counterparts, they show no remorse and have no mercy for their victims. Should we still call them the weaker sex? Women Who Kill is a journey into the minds of female serial killers--their motives, their acts, their thought process. Parker gives an overview and then delves into various stories about individual killers. I found myself horrified but also completely captivated. - Bestselling author, Michele Scott
