Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

GRIN Verlag Mrz 2014, 2014. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2012 in the subject English - Pedagogy, Didactics, Literature Studies, grade: 3,0, Karlsruhe University of Education, course: Applied linguistics & TEFL, language: English, abstract: 'In present - day societies it is rare to find someone who speaks only one language; most people around the globe know and use several languages in their daily lives. Within this context, the mother tongue might have influence on the L2.' This academic paper is about the interference between German as L1 and English as L2 within a group 14-15 year-old teenagers. The main goal is to exemplify, whether the children's original dialects have any interference on their foreign language approach. It was tried to find participants, whose dialects give good examples for the region, they live in. Before the test and its results are described, some general information about L1 influences on L2 will be given. Because the children, who participated in the test, were on a language trip to England while the test was taken, the basis for the research to this paper is the Received Pronunciation, although some of the students might have been in contact with other varieties of English before. To achieve more comparability, their English was only compared to the RP standard. A difficulty during the research was to distinguish between varieties caused by their mother tongue and such caused by general troubles in pronunciation. Therefore, the main focus was put on clear examples, such as voiced and devoiced sounds, aspiration and the [w, r] - sounds. All those examples can be looked at to find language interference between L1 and L2, whereas the th/ð - sound, which was analysed as...
